RESUMPTION OF CLASSES

All Adults and students attending the Monday, Thursday, Saturday noon and Friday Teens (when Friday classes resume) class must use the online sign in (please see details below). Parents or guardians of all other children's classes must use the sign-in sheet in the reception area when they arrive for class.

Please Note: As of September 22/21, all students over the age of 18 will be required by Government mandate, to be fully vaccinated to participate in our classes unless a Doctor's note is provided. Please submit a completed copy of our vaccine certification form at your first class after September 21/21. This form will also be required for any new students who are 18 years of age and older joining. All students are to adhere to any and all related Government regulations that would apply to our facility as long as they are in effect.

MEMBERSHIP OPTIONS

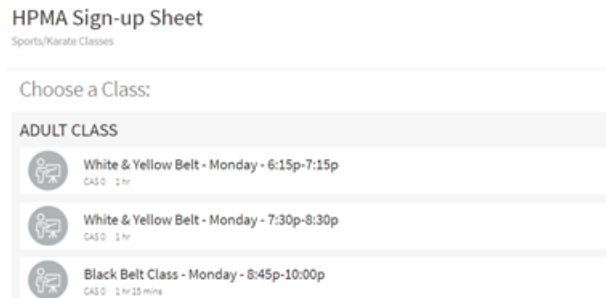

We continue to offer 3, 6 and 12 month memberships for new students. Given the impact of COVID 19, however, we have modified our On Hold format for existing students to accommodate individual circumstances and ensure that your membership continues regardless of when you decide to restart your training. If your membership expired between March 15, 2020 and the date you return, your On Hold time will be from March 15, 2020 until your expiry date. The time for each individual will be then added to their renewal as we have always done, except as mentioned the requirement to have your membership continuous for any On Hold time to be valid is waived. When you return you may then use your On Hold time until it expires, and then renew or not. However if you renew on your **FIRST** day back your On Hold time will be added, plus one and a half additional months will be added right then, due to the closure and your immediate support.
